If you are looking for a home where you can live all year round or rest during your holiday periods in the area of Los Narejos, this is for you! It is a first floor that has two bedrooms, a living room that communicates with the kitchen, a bathroom and a great balcony with unobstructed views of one of the most central areas of the place. The entrance to the blocks is connected by an Andalusian corrala where you can use the common elevator. The best thing about the property is its location, because in addition to having all the services within reach, (supermarkets, shops, restaurants...), you will be just 600m from the beach and a step away from Plaza 525, where you can enjoy its wide gastronomic variety, as well as the night markets that are on display on summer days, season in which it reaches its peak.
